Title: The words of a friend.

Author: Molly

\*You hear a  
whisper...  
his voice...you do not  
know if it is him  
or a memory of him...  
you listen carefully...  
the words come as if  
on a breeze...  
against your  
face...  
"For every life  
lived...  
For every tear  
that has fallen...  
For every child's  
sadness...  
For every mother's  
loss...  
There will come a  
time....  
When it all comes  
crashing down...  
The shards of the  
mirror...We reflect  
our pain in...  
Comes crashing to  
the ground...  
One day everyone will  
see...  
And they will know  
peace..."

\*You have an image in  
your mind of a  
beautiful gray dragon  
flying beyond all  
speed you can  
comprehend...you see  
her transform  
into a tall thin  
young elvin  
woman...then you  
see flashes of  
lightning...one...then  
another...she is  
joined by another  
elf...this one a  
young man...long

flowing white  
hair...The both  
embrace...entwined  
in eachother's  
arms...you know  
that it is a long  
overdue embrace...  
your vision fades  
and you find  
yourself  
smiling...opening  
your  
eyes...smiling...  
knowing all is well...  
they are happy...\*
